ACHIEVE A SMOOTH AND LUXURIOUS FINISH ON INTERIOR DOORS AND TRIM WITH PROCLASSIC[®].

INTERIOR ACRYLIC AND ALKYD ENAMELS

YOU CAN'T GO WRONG WITH A CLASSIC. PROCLASSIC® MAKES YOUR JOB EASIER AND YOUR RESULTS BETTER.

Looking for the environmental benefits of a waterborne enamel, but don't want to sacrifice adhesion, durability and block resistance? ProClassic Acrylic Latex is the perfect choice – with its satin, semi-gloss, gloss and high gloss finishes meeting environmental regulations. Yet it delivers a high-performing, non-yellowing finish that withstands even the toughest wear and tear. ProClassic is also available in an alkyd formula for use in non-restricted areas.

Want to achieve a beautiful, mirror-like finish – but need to stay environmentally conscious? ProClassic Waterborne Acrylic Alkyd is just what you're looking for. In one formula, it offers the best of all worlds: the application and finish of an alkyd, the non-yellowing properties of an acrylic, and less than 50 g/L VOCs. It's sure to help you get the job done faster while reducing environmental impact.

PROCLASSIC KEY BENEFITS

- Superior adhesion and a uniform finish make ProClassic an excellent choice for doors and trim – as well as cabinets and furniture.
- Provides excellent flow, leveling and sag resistance – and leaves no brush or roller marks.
- A unique wet and dry hide allows you to apply fewer coats – saving valuable time and money.
- Ideal for fine quality residential and commercial interiors.
